OFFICE OF SUPERFUND  
ASSOCIATE  
DIVISION DIRECTOR

Dear Ms. Gade:

In response to our conversation, the point I want to make with you is that we did not have anything to do with the Albion/Sheridan Township landfill.

We bought a piece of property from Mr. Gordon Stevick which was 7.7 acres. At that time we requested to buy property from him that was never dumped on. Mr. Stevick assured us that the property was never dumped on.

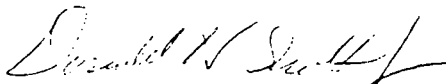

The name of our company was Scott's Service Disposal, Inc. We ran Scotts Transfer Storage.

We were only licensed to handle house refuse and scrap iron. That is all we handled. We were not licensed to handle any hazardous substances. We were not licensed to handle any liquid material. We were not required to drill for any wells. Anything that came to our place was moved out that day to a legal dump site, Turkeyville, and a land site in Battle Creek.

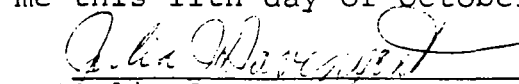

If we dumped anything at Stevick's land fill, it was household refuse, or from McDonald's & W or a grocery store.

I want to assure you that we did not at any time own or operate Albion/Sheridan land fill site. Prior to our conversation, I told you of the people that I knew who were using that site.

Very truly yours,

  
Donald H. Scott, Jr.
